January 3, 2016

Re: Motorsports Safety Education Foundation Affiliation

Dear Patriot Team Member,

Our Series has been selected to participate in an online safety education Platform that we feel will benefit everyone involved!

When you apply for your 2016 license you will be provided a link which will direct you to go to the Motorsports Safety Education Foundation website to participate in a safety course designed specifically for our series. Upon completion of the course you will receive a certificate from the MSEF and details on their “Safety Pays” program. The MSEF has partnered with various companies that will “reward” you for taking the course.

The following companies (we are adding more every week) have a special offer exclusively for racers who take the MSEF online course:

*Speedway Motors, Inc. *Competition Suspension, Inc. *Driverwebsites.com *McKinney Corporation *AED Motorsport Products *Eagle Motorsports, Inc *AFCO Racing *EAR Everything, Inc. Goto www.motorsportssafety.org

Respectfully,

Mike Emhof, Owner/Director
